

SUNRISE VACATION RENTALS

Vacation Rental of Private Homes in the Green Lake, Wisconsin Area

#23 Anne Hathaway Cottage

Rents May 1 - October 12
Friday to Friday

Anne Hathaway Cottage, located in the Green Lake Conference Center, was built in 1939 by Walter and Elsie Smith. Mrs. Smith, a native of England, hired an English architect to reproduce the Anne Hathaway Cottage in Stratford, England. All of the lumber used to construct the home was harvested from the land it is located on. The unique steelcased windows and antique furnishings were shipped from England to complete the reproduction, making the Anne Hathaway Cottage one of the most unique homes on Green Lake.

Despite its size, a "cottage" atmosphere is felt in every room. The most beautiful view of the lake is from the large floor to ceiling windows in the living room. Vaulted ceilings and expansive master suites flourish with charming details, antique fixtures and comfort.

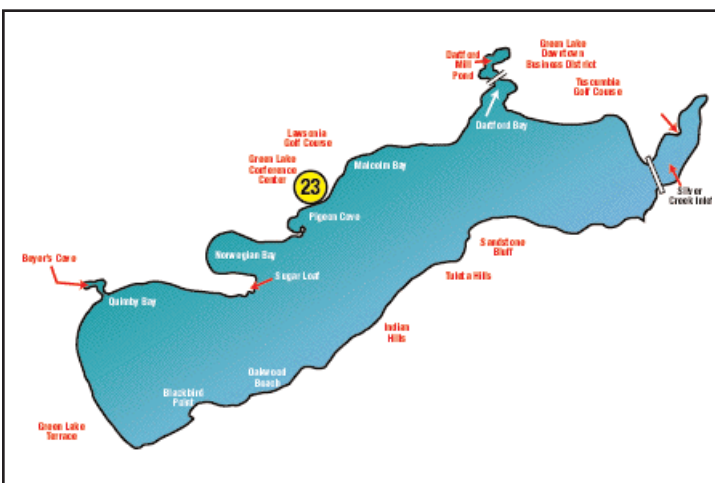

- > Kitchen: Fully furnished (see website for details)
- > Living Room: Floor to ceiling window faces the lake, TV, Cable, VCR, DVD, Internet access.
